

BECOME AN i4is MEMBER

Let's aim for the stars!

Would you like to help drive the research
needed for an interstellar future...
...and get the interstellar message to all
humanity?

"Earth is the cradle of humanity, but one cannot live in a cradle forever. "

Konstantin Eduardovich Tsiolkovsky 1911

If you like what you see in Principium, and want to help us do more,
then become a member!

i4is was founded in 2012. Our organisation -

- Conducts theoretical and experimental research and development projects.
- Supports interstellar education and research in schools and universities.
- Spreads the interstellar vision through advocacy, outreach and education.

We are a growing community of professionals and enthusiasts passionate about taking the first steps on the path beyond our solar system. Our ambitions are higher than sky high! And to achieve them we need your support.

The easiest way you can support our mission is to become a subscribing member.

Of course if you have the time, we would love you to get actively involved with our projects. But we appreciate that not everyone who shares our interstellar vision can fit this into their life. So becoming a member is a great way to demonstrate your support and help us expand our activities.

More details on the i4is members' page in this issue of Principium.

Members have access to exclusive benefits:

- member-only talks on interstellar topics;
- early access to Principium articles before public release - Principium preprints;
- newsletters keeping you up to date with the latest interstellar news;
- videos of i4is lectures and presentations; and
- corporate publications, including our annual report.

The i4is talk programme (videos on the members' section of the website) include:

- The role of In-Space Resource Utilisation (ISRU) as an enabler of human expansion;
- Guidance of the Ariane 4 launch vehicle; and
- Visions of our interstellar future. Videos from our 2021 summer course **Human Exploration of the Far Solar System and on to the Stars**, delivered by i4is on behalf of Limitless Space Institute are available to members.

The opening session featuring Sonny White of LSI and Rob Swinney of i4is is open to all - i4is.org/videos/lsi-course-2021/

- Videos from our 2022 summer course will also be available to members
