

# NEXT ISSUE

## Next time, in P52 - February 2026

Plus *Interstellar News* and interstellar papers in *The Journals*.

**From Stars to Life A Quantitative Approach to Astrobiology**  
Announcing (yet again) a review by Andreas Hein of the new book by Manasvi Lingam, Florida Institute of Technology and Amedeo Balbi, Università degli Studi di Roma 'Tor Vergata'.

### i4is at Reinventing Space 2025

Andreas Hein delivered a keynote speech at the recent Reinventing Space conference in London, UK in October: To the Stars and What Lies In-Between: From Interstellar Objects to Generation Ships

### International Astronautical Congress IAC25: The Interstellar Presentations Part 1

First reports of interstellar papers and presentations at the 2025 International Astronautical Congress.

And of course there will be the usual *Interstellar News* and journal reports.

Our 52nd Issue!
