

NEXT ISSUES

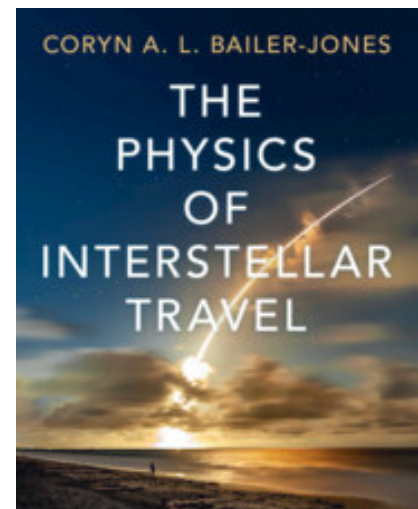

Coming up in future issues

Plus *Interstellar News* and interstellar papers in *The Journals*.

From Stars to Life A Quantitative Approach to Astrobiology
Announcing (yet again) a review by Andreas Hein of the new book by Manasvi Lingam, Florida Institute of Technology and Amedeo Balbi, Università degli Studi di Roma 'Tor Vergata'.

The Physics of Interstellar Travel
Announcing a review by Rob Swinney of the new book by Coryn A L Bailer-Jones
Expected in issue 54

**International Astronautical Congress
IAC26: A preview of The Interstellar
Presentations**
Expected in issue 54

And of course there will be the usual *Interstellar News* and journal reports.

Our 53rd Issue is out in May 2026
